Branch protection rule

Apply rule to

master

Applies to 1 branch

master

Rule settings

Protect matching branches

Disables force-pushes to all matching branches and prevents them from being deleted.

☒ Require pull request reviews before merging

When enabled, all commits must be made to a non-protected branch and submitted via a pull request with the required number of approving reviews and no changes requested before it can be merged into a branch that matches this rule.

Required approving reviews: 1 ▾

☐ Dismiss stale pull request approvals when new commits are pushed

New reviewable commits pushed to a matching branch will dismiss pull request review approvals.

☐ Require review from Code Owners

Require an approved review in pull requests including files with a designated code owner.

☒ Require status checks to pass before merging

Changes which [status checks](#) must pass before branches can be merged into a branch that matches this rule.
